

- ☺ The waterproof outer barrier keeps wetness contained.
- ☺ The soft microfleece inner layer gently touches your baby’s skin, pulling away moisture and keeping your baby rash-free, dry, and comfortable. The microfleece is made of 100% Polyester and is custom-milled.
- ☺ The unique, patented pocket-style opening enables you to customize the absorbency to fit your baby needs. Stuff the pocket with inserts, a pre-fold, or even a hand towel!
- ☺ The elastic is encased inside the diaper so it won’t rub against your baby’s tender skin. The stitching around the elastic creates “mini-gussets” to keep messes contained.
- ☺ The adjustable snap settings grow with your baby and enable you to adjust for your baby’s waist and leg sizes.
- ☺ The variety of sizes – including preemie, small, medium, large, petite toddler, and extra-large – ensure that Fuzzi Bunz properly fit your baby.
- ☺ The wide-array of color choices makes diapering fun!
